Red Cross chapters amounted to more than \$382,000 during the first two months of the campaign, according to announcement from national headquarters of the Red Cross.

**Glee Club Concert Monday.**

The Glee and Mandolin Club, Georgetown University, will repeat the recent concert for the benefit of the Central Citizens' Association at Gonzaga Hall Monday night. The funds will be used to carry on an educational campaign.

**COSTELLO POST TO GREET WOUNDED**

**Legion Members Plan Entertainment for Disabled Veterans on Tuesday.**

Wounded veterans of the world war who are convalescent at the Navy Hospital will be the guests of honor at an entertainment to be given Tuesday night by the Vincent B. Costello Post of the American Legion. The "buddies" who are still paying the price of victory are assured a good time. "Smokes" and delicacies will be distributed.

John C. Costello, father of the hero for whom the post was named, and who was the first from the District to be killed in the world war, will present a large American flag. This flag will be used to drape the coffin of the hero when the body arrives in New York from France. The post has made elaborate plans for the removal of the body to Arlington Cemetery.

Two members of the post will go to New York and will have charge of the body until it is laid to rest in the soil of the hero's birth. The sword which he received when he became a fourth-degree member of the Knights of Columbus will be placed upon the bier. Popples will be part of the memorial tokens along the route of the cortege. According to the latest information, the body is now aboard a steamer bound for New York.

At the meeting to be held Tuesday night it is planned to organize a baseball team. The diamond has been obtained and the equipment will be furnished by the post.

**Red Cross Aids Schools.**

Budget school teachers, thousands of whom were forced to leave their classrooms because of lack of sufficient clothing to make them presentable, will resume their positions when the schools open in the spring, as a result of efforts of the American Red Cross in their behalf, according to advices to national headquarters of the Red Cross.

**D. C. DEBUTANTES IN ST. PATRICK'S SHOW**

**"Spring Patter Revue" to Be Given by "Players" for Irish Relief Fund.**

Pretty girls in abundance, dancing, singing, sketches, and tableaux are among the features of the "Spring Patter Revue" to be presented for the first time next Thursday night, St. Patrick's night, by the St. Patrick's Players in Carroll Hall, Tenth and G streets northwest. Having just completed a most successful winter in the staging of the "Patter Revue of 1921," the Players are rehearsing the spring revue, and will present it Thursday for the benefit of the Committee for Relief in Ireland. A chorus of Beautiful girls, all well known in Washington; several debutantes; prominent local dancers, and Red several singers from the professional

stage comprise the cast. The new production is staged with the aid of Victor Herbert, who has composed "The St. Patrick's Players' Lullaby," which will be sung for the first time Thursday night. Herbert and other theatrical men have given valuable suggestions for the show.

Among those taking part in the new revue are Dorothy Gowen, daughter of Colonel James B. Gowen, of Washington barracks, who recently made her debut into Washington society; Katherine Stouffer, niece of Mrs. Frederick Gebhard, widow of the prominent Newport and New York clubman; Helene Paleka and Lenore Shultz, Lithuanian girls attached to the staff of the Lithuanian legation, and Margaret Blaine Cross, well-known local debutante and grand niece of James G. Blaine.

**Three Die in Storm.**

SHREVEPORT, La., March 13.—Three deaths, thirty injuries, and property damage to the extent of about \$750,000 is the total of the rain and windstorm which swept north-west Louisiana and southern Arkansas. Further damage is expected from the rapidly rising flood waters of the Ouachita, Arkansas, and Red rivers.

**ARMY OFFICERS WIN IMPORTANT RULING**

Army officers made victims of former Secretary Baker's "plucking board" rulings won a sweeping victory in the District Supreme Court yesterday when Chief Justice McCoy ruled that the former Secretary's action in passing upon the cases himself without referring them to the President was an "unlawful proceeding."

Many hundreds of officers are concerned, but the case was argued by former Judge Advocate General Samuel T. Ansell and his associate, Col. Edward S. Bailey, on behalf of Col. John W. French and Col. William F. McCreery.

In this action, which was a test case, the court held that Mr. Baker was without authority in ordering the retirement of these officers without submitting the matter to President Wilson. Chief Justice McCoy in

his opinion stated that he was of the view that "the individual action of the President upon the findings of the final classification board is necessary."

Secretary of War Weeks has been substituted for Mr. Baker as defendant and if a mandamus is to be ordered it will run against the new department head.

Doing the "Big Things"  
—first—at Hahn's

**The Time for Panicky "Sales" is Past! Now for Constructive Price-Revision**

**H**AHN'S could never claim to be an Institution of Service if it did not insist on doing the "Big Things"—FIRST! And the biggest thing we know of right now is to get right down to Brass Tacks on the price proposition---eliminate waste, cut down "overhead"---BUY BIGGER than ever before---push business harder than ever before---and actually operate ON A SMALLER MARGIN OF PROFIT than ever before attempted.

We've gone the limit along those lines. It's full speed ahead! The great campaign is on! Here's the "Big Thing" at hand that we are hammering home hard to the Men of Washington:

**Florsheim Shoes**

all shoes and  
all oxfords now  
permanently repriced

**\$9.75**

We are moving in a New Era of things, and this institution is right up in the front rank. Doing Things in a bigger, more efficient way than ever before. Doing the "big things" first!

You Men know "FLORSHEIM" shoe standards. At their present cost to manufacture they have every right to be priced \$12—were priced \$12 in all our stores up to two days ago—and at that price were remarkably low priced by every known standard of Selling Price in relation to Cost.

But this is Spring 1921. Everything will have to be done differently from now on. The World is different. Economic conditions are different. Business methods, also, will have to be changed to meet these New Conditions.

We are going to be first to merchandise our stocks on the principle of much shorter profits than ever before attempted—for the sake of a tremendous increase in volume.

That's why we've marked all "FLORSHEIM" Shoes in all our stores—all styles, all leathers—down to an old-time Economy Price—\$9.75 pair!

Get acquainted with "FLORSHEIM" Shoes at \$9.75. You will recognize their very fine Standards of Excellence and welcome their Super-Economy
